

# WHY PIPELINE MAGNETIC SEPARATORS MSP-S ?

**INNOVATION  
iN ACTION**

**SOLLAU** pipeline magnetic separators MSP-S (magnetic filters) are designed to separate metallic impurities from liquids and also dry materials transported through pipelines.

Thanks to **powerful neodymium magnets with an induction of 16,000 G**, they can capture even **impurities as small as 1 µm!**

The advantage of the separator is its **low weight** (and the associated **ease of handling and cleaning**) and its **favorable price**.

**Our provided warranty on magnetic filters is 5 years!**

## WARRANTY

5 years

## DELIVERY

standard types in stock

## EFFICIENCY

capturing particles from  
1 µm

## MAGNETIC INDUCTION

16 000 G

### EFFICIENCY

- Capture of Fe particles from 1 µm
- Magnetic induction 16 000 G!

### TECHNOLOGICAL INNOVATIONS

- Dimensioned for pressures up to 10 bar
- Possibility of changing magnetic rods
- Double-sheathed protection of magnets
- Light weight = Easy handling

### PRODUCTION

- Custom production

### LENDING

- Possibility of lending a magnetic separator

## HOW WILL WE TAKE CARE OF YOU?

**1.** We will come

**2.** We will focus  
and design

**3.** We make  
to-measure

**4.** We will install

**5.** We will put  
into operation  
and train

**6.** We will pro-  
vide authorized  
service
